Best Choice Labels

Thanks for helping us collect 29,068 Best Choice UPC labels in 2022! These are redeemed through the Best Choice Save-a-Label program for \$33 per bundle of 1,000. Funds go towards hunger efforts throughout the year, such as the Growing Access Grants. Join the fun by clipping Best Choice UPC labels off water bottles, cans, egg cartons and more! Place them in a bag or envelop with the count clearly labeled on the outside. Send them to the Festival of Sharing office or a Sharefest where we will combine all donations and send them in for redemption.
