About Festival of Sharing

The Festival of Sharing is an interfaith celebration and gathering of resources. As a cooperative response to world hunger, poverty, and injustice, we seek to raise awareness of its causes and to address solutions. The Festival of Sharing promotes and supports projects and programs by providing funding and resource goods. When people of faith come together, our Sharing makes a positive and powerful difference in the lives of people in need.

Festival of Sharing is not possible without the help of churches throughout Missouri. There are 7 Sharefests, which are mini-gatherings and drop-off zones. These interfaith gatherings of resources connect the state of Missouri with a common goal: providing resources for our neighbors in need.

Keeping Sharefests Safe

The Missouri Annual Conference of The United Methodist and the St. Louis (East Region) Sharefest have endeavored to make Sharefest a safe ministry. However, in light of the pandemic involving the novel coronavirus responsible for COVID-19, we cannot entirely ensure against the risk of infection. Participants should be aware that participation in any activity involving others carries with it the risk of infection, and everyone should evaluate their decision to participate carefully. In particular, we urge anyone with a condition making them particularly susceptible to moderate or severe symptoms to avoid physical participation entirely.
